Brookstone Builders, Inc. Awarded Antrim Wind Project

MANCHESTER, NH – (November 26, 2018) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been awarded a new construction project at what will be the **Antrim Wind Farm**.

This project will involve the construction of a 2,500 square-foot operations and maintenance facility. The scope of work will include wood-framing and metal roofing, HVAC and electrical systems, the installation of a 100KVA generator, and interior finishes.

Brookstone will serve as a sub-contractor to **Reed & Reed, Inc.**, of Woolwich Maine, one of northern New England's largest and most versatile general contractors. The project's owner is **Walden Green Energy** of New York. **Jack Boardman** will serve as Brookstone Builders' Project Manager/Superintendent.

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
