

FOR IMMEDIATE RELEASE

## Brookstone Builders, Inc. Completes Federal Express Building Renovation Project

**MANCHESTER, NH** – (December 9, 2020) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have completed a renovation project at the **Federal Express** shipping center on Industrial Drive in Londonderry, NH.

This initiative involved a range of updates to the entire facility, which is owned by **Aeroterm, LLC** of Annapolis Maryland, a leading owner and provider of capital, expertise, and facility related services to airports throughout North America.

The scope of work included striping of the warehouse floor, replacement of all overhead warehouse doors, parking lot repairs, sealing and parking lot line painting. Interior work included the replacement of select interior door, office ceilings, and flooring, along with upgrades to all restrooms and interior lighting.

**Scott Launier** was Brookstone Builders' Project Manager.

"We truly value our business relationship with Fed Ex, and the Aeroterm team" said Brookstone Builder's President **Paula Scales**. "We appreciate the repeat renovation work too, as our crews are especially well-suited to maintaining the heightened safety, noise and dust abatement protocols required when working in or around occupied space."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
