Brookstone Builders, Inc. Awarded Community College System of NH Renovation Project

MANCHESTER, NH (May 29, 2020) – Brookstone Builders, Inc., construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been awarded a renovation project by **Community College System of NH**.

The project will involve the interior renovation of approximately 8,000 square feet of current classroom and lab space at *Manchester Community College* on Front Street. The scope of work will include interior demolition, new framing, new mechanical, electrical and plumbing systems, drywall and finish work. When complete, the new space will feature an improved layout that will be more appropriately aligned with the school's current courseware.

Mark Brockelman will serve as Brookstone Builders' Project Manager, and **Dennis Mires, P.A.** of Manchester, New Hampshire will be the project's architects.

"Our crews are ideally suited to perform this type of renovation," said **Paula Scales**, President of Brookstone Builders, Inc. "We appreciate the award and look forward to an on-time and on-budget completion."

The *Community College System of New Hampshire* is an organization of seven public community colleges located throughout the state offering over eighty associate degree programs. 95% of enrolled students are New Hampshire residents.

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
