## **Brookstone Builders, Inc. Completes Community College System of NH Renovation Project**

**MANCHESTER, NH** (August 20, 2020) – Brookstone Builders, Inc., construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have completed a renovation project for the **Community College System of NH**.

The project involved the interior renovation of approximately 8,000 square feet of classroom and lab space at *Manchester Community College* on Front Street. The scope of work included interior demolition; new framing; new mechanical, electrical and plumbing systems; drywall and finish work. The enhanced space features an improved layout that is more appropriately aligned with the school's current courseware.

**Mark Brockelman** was Brookstone Builders' Project Manager, and **Dennis Mires, P.A.** of Manchester, New Hampshire served as the project's architects.

"This was a fast-track project, for which our crews are ideally suited," said **Paula Scales**, President of Brookstone Builders, Inc. "We enjoyed working with the Community College System team and were happy to provide an on-time and on-budget completion."

The *Community College System of New Hampshire* is an organization of seven public community colleges located throughout the state offering over eighty associate degree programs. 95% of enrolled students are New Hampshire residents.

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
