

Brookstone Builders, Inc.

– TESTIMONIAL –

Ms. Paula Scales
Brookstone Builders, Inc.
600 Harvey Rd.
Manchester, NH

Dear Paula,

I want you and Brookstone to know what a pleasure it was to work with you folks [on the dock project].

As with any project we encountered problems along the way, and Brookstone approached those problems straight on. Your personal involvement was especially noted.

Your attention to our concerns was always addressed promptly. I look forward to the opportunity to work on a future project with you and Brookstone Builders.

Regards
Geno Marconi
Port Director

**BROOKSTONE BUILDERS, INC. AWARDED
PEASE DEVELOPMENT AUTHORITY DOCK
PROJECT**

EXPANDED CAPACITY TO ADDRESS INCREASED COMMERCIAL SHIPPING
DEMAND AS WELL AS TOURISM IN NH

MANCHESTER, NH – Brookstone Builders, Inc., construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been awarded a two-phase expansion project by the **Pease Development Authority (PDA)**.

The first phase of the project will involve the construction of a concrete floating dock and gangway at Portsmouth’s *Market Street Marine Terminal* on the Piscataqua River. The last six miles of the river forms one of the finest harbors in the northeastern United States, and the dock will be designed for heavy-duty commercial use. The 83-foot structure will be mounted on a floatation system to accommodate the tidal nature of the river, and will be connected to Market Street by a thirty-eight foot gangway. The project will require various marine specialties, drilling and steel work.

Phase two of the project, scheduled to begin in early spring, will involve the reconstruction and enlargement of an existing boat ramp in a location within the terminal, adjacent to the dock. In addition to expanding the overall capacity for commercial shipping, a tall ship festival is also in the planning stages.

“We are very happy to have been selected for this specialty project,” said **Paula Scales**, President of Brookstone Builders. “While we have worked at the Pease International Tradeport in the past, but this is our first time working directly with the PDA, and we look forward to the business relationship.”

A certified **Women’s Business Enterprise (WBENC)**, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
