

FOR IMMEDIATE RELEASE

Brookstone Builders, Inc. Awarded Shipyard Renovation Project

MANCHESTER, NH – (October 17, 2016) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been selected to perform a renovation project at the **Portsmouth Naval Shipyard** in building 184.

The initiative is being conducted to accommodate the relocation of personnel from another building, which is scheduled for demolition.

The scope-of-work will encompass select interior demolition, reconstruction of floors and utilities, lighting upgrades, the relocation of steam water and sewer systems, and the construction of a complete pre-fabricated office building within the shipyard's current paint blasting facility.

Erik Crisman will serve as Brookstone Builders' Project Manager, and Brookstone Builders will be a subcontractor on this project, with **CCI Energy & Construction Services LLC** of Augusta, Maine serving as the primary contractor.

"We have truly enjoyed our professional business relationships with both the Navy and CCI," said Brookstone Builder's President **Paula Scales**. "Over the years we have collaborated on several projects with CCI, and have always appreciated their straightforward approach. The Navy's streamlined processes and communication protocols have been tremendously helpful as well."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.

For additional information please contact Ms. Paula Scales at (603) 641-9455 or visit www.brookbuild.com. ###
