Brookstone Builders, Inc. Awarded US Army Design/Build Project

MANCHESTER, NH – (January 29, 2021) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have received an award to perform a Design/Build project for the **U.S. Army**.

This initiative will involve the fit-up and assembly of a 2,900 square-foot modular structure, which will be used by administrative personnel at the *Natick Army Soldiers Systems Center* off General Green Avenue in Natick, Massachusetts.

The scope of work will include the interior build-out of the modular units along with complete HVAC, mechanical, and electric systems, finishes, and site work. The structure will be used as “swing space” for approximately eighteen months while upgrades are being made to the site’s current administrative building, after which Brookstone Builders will disassemble and remove the modular units.

CCI Utility and Construction Services, LLC of Manchester, Maine will be the primary contractor, and **Scott Launier** will serve as Brookstone Builders’ Designer and Project Manager. Wunderlich-Marlec of Newmarket, NH will be the project’s architects.

“We appreciate our ongoing professional relationships with CCI and the Military,” said Brookstone Builder’s President **Paula Scales**. “It has been a great partnership involving numerous projects over several years, and we look forward to future opportunities.”

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.

For additional information please contact Ms. Paula Scales at (603) 641-9455 or visit www.brookbuild.com. ###
