

FOR IMMEDIATE RELEASE

Brookstone Builders, Inc. Awarded Military Design/Build Renovation Project

MANCHESTER, NH – (August 30, 2016) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have been selected to perform an interior and exterior renovation project by the **US Navy**.

This design/build initiative will involve exterior renovations to a historic building (B99) at the **Portsmouth Naval Shipyard**. The scope-of-work will encompass a total slate roof replacement with copper trim and downspouts, historic brick repairs and retooling, window maintenance and painting. The project will also include the construction of a new boiler room along with the installation of a new furnace and a natural gas feed.

Mark Gemmiti will serve as Brookstone Builders' Project Manager, and Brookstone Builders will be the construction/design manager on this project, with **CCI Energy & Construction Services LLC** of Augusta, Maine serving as the primary contractor. **Gale Associates** of Weymouth, Massachusetts will serve as the project's Designer of Record.

"We appreciate our ongoing professional relationships with the Navy and CCI," said Brookstone Builder's President **Paula Scales**. "It has been a great partnership involving numerous projects, each of which has been completed more effectively thanks to the Navy's streamlined processes and straightforward protocols for communication."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design-build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
