FOR IMMEDIATE RELEASE

Brookstone Builders, Inc. Completes U.S. Navy Renovation Project

MANCHESTER, NH – (May 7, 2025) **Brookstone Builders, Inc.**, construction managers and general contractors headquartered in Manchester, New Hampshire, recently announced that they have completed a renovation project for the **U.S. Navy**.

The project involved interior renovations and the creation of additional office space within an existing building (H23) at the Portsmouth Naval Shipyard.

The scope of work included interior demolition, abatement, new flooring and walls, replacement of stair treads and doors, installation of new cabinetry, and finish work.

The project's joint prime contractors were **Armitage Corporation** of Buffalo, NY and **Structural Associates Inc.** out of East Syracuse, NY. **Stephen Nichols** was Brookstone Builders' Project Manager and architectural work was handled by the **Naval Facilities Engineering Systems Command (NAVFAC)**.

"We are appreciative of the long-standing business relationship we've had with the Navy," said Brookstone Builder's President **Karen Scales**. "It has been a great partnership involving numerous projects over several years, which have all been completed more effectively thanks to the Navy's straightforward protocols for communication."

A woman-owned enterprise, **Brookstone Builders, Inc.** was founded in 1984. The company provides commercial, industrial, and design/build solutions throughout northern New England, and has also been involved in a wide range of specialty and renovation projects.
